

# Share Your Voice Services Across Multiple Locations with Trunk Groups from SIPStation

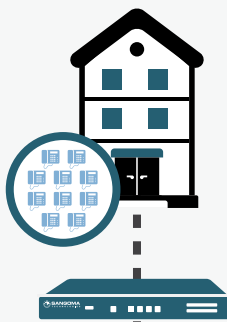

## Company A

### Without Trunk Groups

#### Location A

#### Location B

10 Lines @  
\$24<sup>95</sup> Per Line  
= \$249<sup>50</sup>

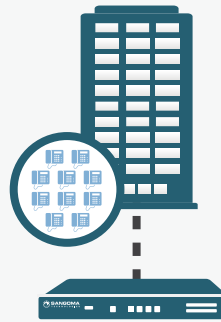

10 Lines @  
\$24<sup>95</sup> Per Line  
= \$249<sup>50</sup>

**\$499<sup>00</sup>**  
a month

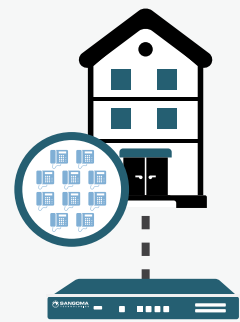

## Company B

### With Trunk Groups

#### Location A

#### Location B

15 Lines @  
\$24<sup>95</sup> Per Line  
= \$374<sup>25</sup>

**\$374<sup>25</sup>**  
a month

**25%**  
Savings!

#### Cost Savings

With Trunk Groups, you no longer need to purchase dedicated voice lines for each and every one of your locations. Sharing between locations gives you flexible control & offers significant cost savings!

#### Failover Options

With Trunk Groups, if a PBX at one of your locations fails, your inbound calls can automatically failover to a different PBX(s) in your trunk group on a per phone number basis, so you never miss a call!
